Self-Reflection Tool

SUMMARY

The BILT project is currently developing a Self-Reflection Tool intended to allow TVET providers to assess their preparedness to identify new qualifications and competencies, integrate them into curricula and implement them in adequate learning environments. For this purpose, the BILT project is selecting six UNEVOC Centres - TVET providers from Africa, Asia and Pacific as well as Europe (two from each region) to co-develop and pilot the Self-Reflection Tool, to implement a Guided Self-Reflection Workshop and to scale up the updated version of the Tool to (at least) three other UNEVOC Centres - TVET providers. Interested UNEVOC Centres are invited to apply through an open Call for Expression of Interest as per the deadline below:
NQC Self-Reflection Tool – Key dates

Call for Expression of Interest
07 Dec 2021 - 14 Jan 2022

Tool and Workshop Conceptualization
26 Nov 2021 - 31 Mar 2022

Co-development and Pilot workshops
01 Apr - 30 Jun 2022

A total of 24 institutions reached
Dec 2022

Dissemination workshops by pilot institutions
01 Sep - 30 Nov 2022

Updating phase
01 Jul - 31 Aug 2022
