PSS Central Institute of Vocational Education

**(a constituent unit of National Council of Educational Research & Training,
under Ministry of Human Resource Development, Govt. of India)**

Shyamla Hills, Bhopal - 462013, Madhya Pradesh, India

About the Institute

The PSS Central Institute of Vocational Education (PSSCIVE), established in 1993, is an apex research and development organization in the field of vocational education. It is a constituent unit of National Council of Educational Research and Training (NCERT), which is under Ministry of Human Resource Development (MHRD), Government of India. It is a UNESCO-UNEVOC (International Project on Technical and Vocational Education) Centre in India.

The Institute has played a vital role in the development of policy, programmes and activities for the implementation of Vocationalisation of Secondary and Higher Secondary Education in India. It has developed more than 100 curricula, textbooks and practical manuals in Agriculture, Business & Commerce, Engineering & Technology, Home Science, Health & Paramedical and Humanities for vocational courses of 2 year duration at higher secondary stage. With the introduction of the revised scheme of vocationalisation of secondary and higher secondary education under National Skills Qualifications Framework (NSQF), the Institute is contributing to the development of competency based curricula, student workbooks, teachers' handbooks and e-learning materials for vocational subjects in various sectors like Security, IT-ITeS, Retail, Automobile, Healthcare, Physical Education, Beauty & Wellness, Telecommunication, Agriculture, Rubber, etc. The Institute is organizing awareness and training programmes for the key functionaries and teachers implementing vocational education programme in schools. The Institute has collaborated with specialized Institutes, Universities and Industries for development of guidelines, curricula and courseware and training of vocational teachers.

About the Conference

The key challenges to the Technical and Vocational Education and Training (TVET) is to connect the world of knowledge with the world of work. India has set a target to skill 500 million people by 2022. Vocationalization of Education implies an organized way of developing knowledge, skills and abilities of students for laying the foundation for transition from the world of knowledge to the world of work. It has to be promoted for achieving the ambitious target preparing 500 million skilled persons for a wide variety of sectors.

The National Policy on Education (NPE) 1968, resolved the introduction of the Vocational Education Programme at Higher Secondary stage (+2 level) in 1976-77, based on the recommendation of Kothari Commission (1964-66). Later, in 1988, the Government of India launched a Centrally Sponsored Scheme (CSS) of Vocationalisation of Secondary Education to fund the Vocational Education Programme nationwide. An intake capacity of 10 lakh students in 10,000 schools with 21,000 sections were created. Due to lack of provision for vertical mobility, the vocational education scheme was not accepted by masses. The Government of India came out with a revamped CSS on Vocationalisation of Secondary & Higher Secondary Education. Under this, vocational subjects were introduced in schools in general education under the National Vocational Education Qualifications Framework (NVEQF) in September, 2012 which has been subsumed under the National Skills Qualifications Framework (NSQF) in December, 2013.

The TVET system must balance theory and practice in such a manner, that it not only serve the purpose of developing competence and employability skills but also promote entrepreneurship, innovativeness and value to life. It implies that coordinated efforts are needed to bring about synergy between general education and TVET programmes for improving systems providing education and training throughout life. It will lead to enhancement of prestige of TVET programmes and relevance of

general education. The International Conference on TVET will provide a forum for those who can influence policies and make decision that will improve the strategies for delivering TVET under the NSQF. It will provide directions on specific issues related to the implementation of TVET programmes.

Objectives

The conference aims to provide a forum to researchers, practitioners, educators, entrepreneurs, representatives of industries, and scholars in TVET sector for sharing their research findings and experiences on various aspects of TVET, including recent trends, issues, and challenges.

Conference Dates

February, 18-20 (Wednesday to Friday), 2015

Conference Venue

PSSCIVE, Shyamla Hills, Bhopal - 462013, Madhya Pradesh, India

Conference Themes

Theme 1: Challenges to TVET

Sub-themes

- Global Scenario of TVET
- Policy Planning and Management
- Inclusive TVET System

Theme 2: Funding to TVET

Sub-theme

- TVET Programmes and Projects

Theme 3: National Skills Qualifications Framework (NSQF)

Sub-themes

- TVET in School Education
- TVET in Higher Education
- Lessons Learnt from implementation of TVET programmes including NSQF in India
- International Recognition of Skills Qualifications

Theme 4: Quality Concerns in TVET

Sub-themes

- Industry Engagement in Training and Assessment
- Competency and Skill Development: Curriculum, Teacher Preparation, Assessment and Certification.
- Recognition and Accreditation of Courses, Programmes and Institutions.

Theme 5: Delivery Systems in TVET

Sub-themes

- Industry Needs and Relevance
- Outcome Based Teaching- Learning
- Vocational Teacher Preparation and Professional Development
- Curriculum and Courseware

Theme 6: Research in TVET

Sub-themes

- Innovations
- Best Practices
- Tracer Studies

Theme 7: Open Vocational Education System and Delivery

Sub-themes

- Recognition of Prior Learning
- Integration of Academic Education and Vocational Education
- Assessment and Certification

Conference Features

- Keynote addresses
- Paper presentations
- Panel discussions
- Poster presentations

Participants

TVET researchers and practitioners from different countries will be attending the conference. Speakers to deliver keynote address will be invited from international organizations viz., World Bank, Asian Development Bank, UNESCO, UNESCO-UNEVOC, ILO, COL, etc. and national organizations such as IGNOU, NIOS, Universities and other professional institutions.

Guidelines for Submission of Abstract, Paper and Poster

Abstract: Abstract should be type set in single space in 200-300 words in Times New Roman in 12 points. Registration will be mandatory for all the paper presenters, fee to be submitted by them after receiving acceptance of the abstract. Abstract of the papers should be submitted on or before **30th August, 2014**. Acceptance of Abstract will be communicated by **30th September, 2014**.

Paper: Please submit full length paper in Times New Roman, 12 points in about 5000-6000 words including figures, tables and illustrations latest by **30th November, 2014**.

Poster: The poster should be prepared based on the abstract *submitted*. *The size should be 2 (length) x 3 (width) feet or 24 x 36 inches size and orientation should be portrait*. The font size is

recommended to be at minimum 2.5 cm high (e.g., title: 60 pts, body and headings: 30 pts. Minimum font size should be no smaller than 18 pts). Place the title of the poster prominently at the top and details of the presenter to be mentioned at bottom. Organize the poster in a way that it is clear, orderly, and self explanatory by more attractive and informative figures, tables and pictures.

The abstracts, papers, posters and presentations may preferably be in English. Contributors may send their abstracts and papers at the Conference email id: civeinconfvet@gmail.com and copy to asfayasin26@gmail.com.
