# UNESCO Strategy for TVET 2022-2029

## Main line of action 1

### Develop skills for all individuals to learn, work and live

Supporting the development of policies and strategies for skilling, upskilling, and reskilling in particular those most in need

- Build flexible lifelong learning pathways
- Develop targeted measures for inclusion and gender equality

## Main line of action 2

### Develop skills for inclusive and sustainable economies

Supporting job growth, private sector participation and effective skills anticipation and development

- Identify skills for the transition to digital and green economies
- Address youth unemployment and meet demands for digital and green transitions
- Enhance STEM, entrepreneurial and 21st century skills
- Support TVET teachers and institutions to foster quality, innovation and excellence
- Reinforce governance and unlock investment

## Main line of action 3

### Develop skills for inclusive and peaceful societies

Teach youth and adults their rights and the rule of law, equip them with a strong ethical compass and empower them to become champions for justice in their workplaces and communities.

- Integrate rights-based education for global and participatory citizenship
- Promote TVET institutions as places for social integration, cohesion and green citizenship
