Compilation of Promising Practices in TVET for online database

A. Background

The COVID-19 pandemic has brought about unprecedented opportunities and challenges. It has accelerated the digitalization process of jobs as many organizations transitioned to remote working. There has also been a boost in the demand for digital skills, which is expected to grow exponentially.

The education and training sector has observed changes in approach as many countries saw the need to shift to more agile and responsive strategies to ensure that learning never stops. Different approaches have been adopted by technical and vocational education and training (TVET) institutions and training providers suited to their organizational, technical and pedagogical readiness in order to move to online teaching and remote learning.

To support these new demands for post-COVID recovery, UNESCO-UNEVOC has launched a special project to support TVET institutions, providers and their immediate stakeholders in successfully implementing measures that help to quickly adapt to an accelerated digitalization of education, training and the labour market. Within the framework of this special project and as part of its mandate to serve as a clearinghouse for practical TVET resources, UNESCO-UNEVOC is engaging a consultant to compile a series of Promising Practices based on initiatives implemented by TVET institutions to prepare for long-term recovery.

B. Description of the work

The Consultant, under the supervision of the Associate Communications Officer, will undertake the following tasks:

1. Draft 24 Promising Practices based on responses gathered from the UNESCO-UNEVOC questionnaire, the undertaking of independent desk research and interviews conducted with project beneficiaries.

2. Finalize 24 Promising Practices after a joint review and editing process with UNESCO-UNEVOC and the institutions from which the initiatives have been sourced.

3. Organize and record 10 short online interviews (ca. 5 minutes long) with selected persons/institutions responsible for implementing the Promising Practices. The interviews should be suitable for upload to UNESCO-UNEVOC’s open online database.

The Promising Practices should adhere to the following structure: (i) context/background; (ii) description of initiative (what and how); (iii) objectives; (iv) impact/outcome; (v) challenges/gaps identified; and (vi) future of the initiative.

Regarding the compilation of information submitted by TVET institutions, the Consultant is expected to:

i. Ensure correct spelling, punctuation, grammar and syntax

ii. Check for overall clarity and consistency of style, tone and sentence structure
iii. Ensure consistency of terminology and abbreviations

iv. Reorganize the text or change paragraphs in order to improve overall clarity and flow

v. Improve sentence structure and content to remove any jargon or inconsistencies, without changing the original meaning

All work must be submitted in English and should be copy-edited according to the Style Manual for the presentation of English-language texts intended for publication by UNESCO. It is the responsibility of the Consultant to ensure that the level of English is of a high standard and adapted to a wide range of audiences. In line with UNESCO’s mandate and range of audiences, the Consultant shall seek to present a balanced overview. Relevant materials will be provided by UNESCO-UNEVOC, as well as obtained through independent desk research as indicated.

C. Timeline and expected deliverables

Task B1. Submit the drafts of 24 Promising Practices by 30 November 2022 for the review and approval of UNESCO-UNEVOC and the respective TVET institutions.

Task B2. Complete the editing and finalization process of 24 Promising Practices by 15 December 2022 for UNESCO-UNEVOC’s review and approval.

Task B3. Submit 10 recorded online interviews with TVET institutions on selected Promising Practices by 31 January 2023 for dissemination.

D. Remuneration

The Consultant shall be remunerated based on the proposal submitted and the amount negotiated with UNESCO-UNEVOC.

Remuneration will be made in instalments after the submission of the deliverables specified above and upon submission of a detailed invoice/payment claim and satisfactory results of the deliverable. Actual remuneration will be based on the invoice/payment claim provided by the contractor and verified by UNESCO-UNEVOC and may thus be less than indicated above. Should the final invoice amount exceed the amount specified in the contract, an amendment will have to be agreed upon and prepared prior to payment of the invoice.

E. Duration of the contract

From 1 October 2022 to 28 February 2023

F. Travel and remote arrangements

All tasks listed in the Terms of Reference are expected to be conducted remotely from the original duty station of the Consultant.
The Consultant is responsible for organizing his/her own technical and non-technical arrangements to participate in virtual meetings with the project team, relevant TVET institutions and partners of the project, as necessary.

G. Other specifications

All rights related to the services provided by the Consultant under this contract, including rights of ownership, are vested in UNESCO, which alone holds all right of use.

The Consultant agrees that any personal information (name, telephone, email address, address etc.) shared by UNESCO-UNEVOC shall only be used for the work covered under this contract.
