What can we provide?
Vocational training/apprenticeships

We have a variety of vocational training programs in areas that demand labor in our region. The arrangements between the courses are adapted to the workplace and the student's needs and skills.

Collaboration between the different schools for content, material and qualified teachers.
25 vocational programs
4 courses in local agriculture

Validation

Apprenticeships

Language learning integrated with vocational training instead of requiring students to reach certain levels of language first.
Validation

Validation means that a person's knowledge and competences are mapped and validated in a structured way, for studies or work, no matter how or where, it was obtained. We validate towards grades.
Apprenticeship with local companies

Wallviks Bruk, Rottneros
