The Future of VET in Europe:
Trends and lessons for a global debate

Webinar, 25 January 9:30-10:45 am CET
Please click on the ‘CC Live Transcription’ button to enable closed captions (subtitles) during the meeting.

Please note this webinar will be recorded.

Please use the question & answer feature to ask questions.

Today’s webinar will run for 75 minutes until 10:45am.
Strengthen Bridging between Europe, Asia-Pacific and Africa

Foster Innovation and Knowledge Generation

Reinforce Learning and Capacity Building

The BILT rationale: three activity lines covering Europe, Africa and Asia-Pacific
Decline or expansion – where is European VET heading?
Key results from Cedefop’s work on the Future of VET 2015-2022

Jens Bjørnåvold
1) The changing content and profile of VET

2) Delivering IVET: institutional diversification and/or expansion?

3) The influence of assessments on vocational learning

4) Delivering Lifelong Learning: the changing relationship between IVET and CVET

5) Trends and synthesis

6) Analytical framework for comparing VET systems
1) To hear....
   • How CEDEFOP’s project started
   • How it was constructed
   • What are the results

2) To respond to some questions...
   (i) Are the experiences and trends presented from the EU perspective RELEVANT to your own countries and regions?
   (ii) Are the EU TRENDS presented similar to those you observe in your own regions?
   (iii) How can collaboration between regions be strengthened?
Managing our discussion

- To post questions to presenters, click Q&A
- Everyone can ASK a question
- Everyone can upvote for the questions of others
- We will have 2 polls

To engage in discussion with other participants, please use regular chat.
1) Are the experiences and trends presented from the EU perspective RELEVANT to your own countries and regions?

2) Are the EU TRENDS presented similar to those you observe in your own regions?

3) How do you think collaboration across regions can be strengthened?
Objective

- stimulate debate on contextual socio-economic and labour market trends to which TVET systems, policy and practice must respond

About

- brings together data & trends from variety of international/national sources for Africa and Asia-Pacific
- Stay tuned for the release of the European section! Follow us on Twitter: @UNEVOC

Longer term:

- Build the resource with data; research and discussion
- Encourage more cooperation amongst UNEVOC network members
ATLAS: Insights into challenges and opportunities facing TVET systems

Integration of new qualifications and competencies in Africa

**Challenges**

Capacity constraints and negative perceptions have limited the positive impacts of NQFs and RPL processes in Africa.

**Opportunities**

Strengthening and harmonizing qualifications frameworks across Africa could support the region's aim of becoming a global powerhouse while supporting labour mobility and promoting inclusive growth.
