Terms of Reference: Monitoring and evaluation advisor and reporting in the Building Innovation and Learning in TVET Project Phase 3 (2022)

1. Project background, objectives and outputs to date

The BILT Project is co-implemented by UNESCO-UNEVOC and the German Federal Institute for Vocational Education and Training (BIBB). BILT is sponsored by the German Federal Ministry for Education and Research (BMBF). In 2022, the BILT Project entered its 3rd phase, which will continue until 2025.

The purpose of the BILT project is to support TVET institutions in three geographical regions: Europe; Africa and Asia-Pacific. Support takes the form of enabling and facilitating contacts across the three regions (bridging) providing opportunities to report on innovations and generating new knowledge and learning in TVET.

Phases 1 and 2 of the BILT project focused on setting up the project and identifying important TVET themes upon which to base work. The identification, integration and implementation of new qualifications and competencies (NQCs) has been a primary thematic focus. Within this theme, specific attention has also been given to policy responses and practical examples of how the dual transition (digital/green economy and society) is impacting TVET. Other themes which have been given attention include migration and entrepreneurship. The project overarching theme of NQC is addressed through multiple stakeholder lens an macro, meso and micro level.

The primary outputs of the BILT project are classified into three lines which include:

(i) Bridging: activities include regional/global conferences and workshops
(ii) Innovation and learning: knowledge products on the BILT themes and ad hoc case studies on innovative and learning practices (ILP)
(iii) Implementation: a tool for TVET providers is under preparation on NQCs and Learning Labs

2. Monitoring and Evaluation in the BILT project

The BILT project has recently undergone an evaluation of Phases 1 and 2 (according to OECD-DAC criteria). Given the extended period for Phase 3 (4-years), a regular and routine M&E role is foreseen. The architecture of the BILT project includes a logical framework with impact, outcome and output indicators (both quantitative and qualitative) and annual targets.

To give an idea of the size and scope of the BILT project, Annex C provides an overview of project milestones, activities and outputs (by Phases 1 and 2). Many planned activities have been adjusted due to the impact of COVID-19. The working language of the project is English (some project activities have taken place with French translation).
3. Objectives and outputs of this assignment

UNESCO-UNEVOC is engaging a contractor to support the monitoring of the BILT project. This will lead to the following outputs:

b. Methods defined to monitor project activities and to measure progress in achievement of the targets
c. Methods established for data collection and analysis (appropriate to different stakeholders and ex-ante assessment against success criteria)
d. Biannual formative assessment of the methods used (whether they should be replaced; supplemented, etc.)
e. Biannual formative evaluation and workshop with the project management team on lessons learned and adaptation

4. Tasks foreseen under the assignment

The following tasks are foreseen through 2022:

5. The Individual Specialist shall exercise the utmost discretion in regard to all matters of official business. He/she shall not communicate to any person unpublished information known to him/her by reason of his/her assignment, except by authorization of the Director-General of UNESCO. The Individual Specialist shall thereupon furnish to UNESCO any data or evidence which may be available to him/her, and shall render all other assistance which may be required in prosecuting any claim or action against such a third party. He/she shall not settle any such claim or action without the consent of the Organization; UNESCO shall be entitled itself to do so or to require him/her to do so upon such terms as seem reasonable to it.

Other than the provisions set out in Article X, paragraph 2, UNESCO does not provide medical insurance to the Individual Specialist.

Such equipment, when returned to UNESCO, shall be in the same condition as when delivered to the Individual Specialist, subject to normal wear and tear. The Individual Specialist shall be liable to
compensate UNESCO for equipment determined to be damaged or degraded beyond normal wear and tear.

Article XII. Termination

1. UNESCO or the Individual Specialist may cancel the contract before it has come into effect by giving written notice to the other party. For contracts of less than 2 months the period of notice is 5 days, for longer contracts – 14 days. No compensation shall be payable in such cases. Should UNESCO cancel the contract with shorter notice, the Individual Specialist is entitled to 5% of payment for each month of service provided by the contract, subject to a maximum of 30% of the total amount.

Once the contract has come into effect, it may be terminated by either party at any time before the expiry date with 2 weeks written notice for contracts of 6 months or less, or 1 month’s written notice if the contract is for more than 6 months. If UNESCO terminates the contract, the Individual Specialist is entitled to an indemnity of 5% of payment for each remaining aggregated period of service equivalent to one month, subject to a maximum payment of 30% of the total amount. In the event of termination by the Individual Specialist, or of the inability of the Individual Specialist to carry out fully its terms, UNESCO may deduct from any payments due an amount equivalent to any losses caused to the Organization, taking into consideration the extent to which the assignment has been completed.

3. Notwithstanding the provisions of Article XII, paragraphs 1 and 2, in the event of breach of contract, including false declarations, on the part of the Individual Specialist, the contract may be immediately terminated by UNESCO without notice or indemnity.

Article XIII. Arbitration

1. Any controversy or dispute concerning the execution or interpretation of this contract shall be settled by negotiation between the parties. If it is not amicably settled, it shall be submitted, at the initiative of either party, either to the Chairperson of the UNESCO Appeals Board or be the subject of an arbitration under the United Nations Commission on International Trade Law (UNCITRAL) Arbitration Rules in force. The arbitrator shall rule upon the costs of arbitration, which shall be either apportioned between the two parties or paid by one of them only. The arbitral award shall be final and irrevocable.

2. The party initiating the procedure shall decide which of the two procedures shall apply.

Article XIV. Amendments
