

Developing digital skills of TVET learners with Pix

Launch of the UNESCO strategy for TVET
2022-2029

October, 26th 2022

The Pix Project was initiated in 2017 answering a demand of **public and private stakeholders** in France :

- Ministries of Education and Higher Education
- Ministry of Labour
- Business representatives
- Unions

Pix's mission :

Help everyone become familiar with their digital environment and develop their digital skills throughout their life.

Pix is an online platform accessible for free on pix.org
