Call for Proposal

UNESCO-UNEVOC is in need of a Contractor (Individual or Company) to convert its publication *Entrepreneurial Learning for TVET Institutions: a Practical Guide* into a web-based interactive resource.

**Requirements:**

The Contractor shall have extensive experience in the development of web-based educational materials, services and web applications, and a track record of completing similar projects. The Contractor will be responsible for the overall development process.

**Project duration:**

21 December 2020 – 26 March 2020

**Terms of Reference**

A. Background

Fostering youth employment and entrepreneurship is one of the three thematic priorities under the UNESCO TVET Strategy (2016-2021), highlighting the importance of entrepreneurial skills in responding to the economic and societal challenges faced by young people around the world. Technical and vocational education and training (TVET) institutions have a key role to play in equipping young people with entrepreneurial skills and mindsets to cope with the changing world of work and skills demands.

Against this background, UNESCO-UNEVOC has produced a publication titled *Entrepreneurial Learning for TVET Institutions – a Practical Guide*. The publication aims to guide TVET institutions on how to introduce entrepreneurial learning where it is lacking, and how to mainstream it in TVET. It contains three parts: a. Understanding the basic concepts; b. Making a self-assessment; c. Initiating and strengthening entrepreneurial learning in TVET. The Guide proposes an Entrepreneurial Learning Institution Canvas (ELIC) as a tool to guide, conceptualize, plan and integrate entrepreneurial learning into TVET institutions. The ELIC consists of 12 elements or steps, with key questions, checklists and exercises.

To make the guide available online via the UNESCO-UNEVOC website, it needs to be converted into a dynamic web version. The current 100-page document shall be made more communication friendly and the proposed exercises, in particular the ELIC tool, shall be presented in a way that they are visually attractive to users and allow for interactions. Users shall be enabled to follow the suggested sequencing of the ELIC steps or select any elements that they wish to focus on. The web-version of the Guide shall also be turned into a dynamic resource to allow UNESCO-UNEVOC to further adapt the material and to add resources.
B. Description of the work

Under the supervision of the responsible UNESCO-UNEVOC Programme Specialist and members of the Knowledge Management and IT team of UNESCO-UNEVOC, the Contractor shall perform the following tasks/provide the following services:

1. Create a web resource that can be linked to the existing web services of UNESCO-UNEVOC, to be accessed from UNESCO-UNEVOC’s website.
2. Make a proposal on ways to turn the Practical Guide into a dynamic web version, together with a workplan and a sitemap.
3. Make adjustments to the existing text contained in the Guide to better adapt to the web version.
4. Develop a web-based interactive tool, based on the current version of the ELIC tool.
5. Conduct technical testing of the resulting prototype in close consultation with the team at UNESCO-UNEVOC.
6. Ensure a smooth transfer of the web version of the Practical Guide including the ELIC tool to the host server.

C. Provisional timeline and expected deliverables:

1. Proposal with work-plan and sitemap (15 January 2021)
2. Draft web output (26 February 2021)
3. Final web output to be published on the UNEVOC server (22 March 2021)

D. Instalments and remuneration:

The instalments are linked to the timeline and deliverables above.

Remuneration is based on the quote provided by the contractor and agreed upon with UNESCO-UNEVOC, and shall be made upon submission of itemized invoices and satisfactory results as per the agreed timeline.

Should the final invoice amount exceed the amount under Article I.D, an amendment will be prepared prior to payment of the invoice.

E. Other specifications:

- The web service should be embedded in the existing website of UNESCO-UNEVOC as an integral part of it. The Contractor is expected to work out the details of the technical integration with the webmaster of the UNEVOC website.
- The tool should be visually attractive, intuitive and easy to use.
- The Contractor shall ensure that the information and ideas provided are coherent, well-structured and suit a wide range of technical and non-technical audiences that may benefit from the deliverable.
- All rights related to the services provided under this contract, including rights of ownership and copyright are vested in UNESCO, which alone holds all rights of use.

The Individual Specialist confirms that no official of UNESCO has received from or will be offered by the Individual Specialist any direct or indirect benefit arising from this contract or the award thereof. Medical expenses attributable to work-incurred accidents or illnesses are paid up to a maximum annual amount of 10 000 USD.

3. If any injury, illness or death for which compensation is payable under the above provisions is caused in circumstances which, in the Director-General’s opinion, create a legal liability on the part of a third party to pay damages, the UNESCO Director-General may, as a condition of granting compensation, require the Individual Specialist to whom it is granted to assign to the Organization any rights of action which he/she may have against such a third party. The Individual Specialist shall thereupon furnish to UNESCO any data or evidence which may be available to him/her, and shall render all other assistance which may be required in prosecuting any claim or action against such a third party. He/she shall not settle any such claim or action without the consent of the Organization; UNESCO shall be entitled itself to do so or to require him/her to do so upon such terms as seem reasonable to it.

compensate UNESCO for equipment determined to be damaged or degraded beyond normal wear and tear.

Article XII. Termination

1. UNESCO or the Individual Specialist may cancel the contract before it has come into effect by giving written notice to the other party. For contracts of less than 2 months the period of notice is 5 days, for longer contracts – 14 days. No compensation shall be payable in such cases. Should UNESCO cancel the contract with shorter notice, the Individual Specialist is entitled to 5% of payment for each month of service provided by the contract, subject to a maximum of 30% of the total amount.

2. Once the contract has come into effect, it may be terminated by either party at any time before the expiry date with 2 weeks written notice for contracts of 6 months or less, or 1 month’s written notice if the contract is for more than 6 months. If UNESCO terminates the contract, the Individual Specialist is entitled to an indemnity of 5% of payment for each remaining aggregated period of service equivalent to one month, subject to a maximum payment of 30% of the total amount. In the event of termination by the Individual Specialist, or of the inability of the Individual Specialist to carry out fully its terms, UNESCO may deduct from any payments due an amount equivalent to any losses caused to the Organization, taking into consideration the extent to which the assignment has been completed.

3. Notwithstanding the provisions of Article XII, paragraphs 1 and 2, in the event of breach of contract, including false declarations, on the part of the Individual Specialist, the contract may be immediately terminated by UNESCO without notice or indemnity.

Article XIII. Arbitration

1. Any controversy or dispute concerning the execution or interpretation of this contract shall be settled by negotiation between the parties. If it is not amicably settled, it shall be submitted, at the initiative of either party, either to the Chairperson of the UNESCO Appeals Board or be the subject of an arbitration under the United Nations Commission on International Trade Law (UNCITRAL) Arbitration Rules in force.
